PROTECTION OF INVESTORS (BAILIWICK OF
GUERNSEY) LAW, 1987 (“P01 Law”)**

**THE COLLECTIVE INVESTMENT
SCHEMES (CLASS B) RULES 1990
 (“Class B Rules”)**

GUIDANCE NOTES

These Guidance Notes, which are intended to assist existing and potential promoters and managers of Class B collective investment schemes with an understanding of the Commission’s policy and practice, should be read in conjunction with the Class B Rules.

INTRODUCTION

1. In exercising its general functions under the Financial Services Commission (Bailiwick of Guernsey) Law, 1987 the Commission is required to have particular regard to:
 - (a) the protection of the public against financial loss due to dishonesty, incompetence or malpractice by persons carrying on finance business; and
 - (b) the protection and enhancement of the reputation of the Bailiwick as a financial centre.

These considerations apply equally when the Commission is exercising its statutory functions under the P01 Law.

2. Prior to the introduction of the Class B Rules, no rules of substance applied to Class B schemes, albeit that they were required to obtain authorisation under the POI Law. This situation was in marked contrast to the regime which has applied to Class A1 and A2 schemes since 1988. The Class B Rules now being introduced are designed to enable the Commission to demonstrate that it discharges the responsibilities set out at 1(a) and (b).

THE APPROACH TO THE RULES

3. As stated in its Annual Report for 1988, in considering applications for the authorisation of collective investment schemes, the Commission gives great weight to the status of the intended promoters. There is a policy of selectivity, which means that only promoters of the first rank are encouraged. Normally, a demonstrable track record in the promotion of established mutual funds is required, and the authorisation of intended promoters by regulatory authorities in other jurisdictions is not in itself generally sufficient.

4. In the light of this policy, the Commission determined that the Class B Rules should be as flexible as possible consistent with meaningful investor protection. Although necessarily couched in legal terms, the Rules are essentially a codification of best practice, with much reliance placed on disclosure. The imposition of specific investment and borrowing restrictions has been deliberately avoided **and it will be noted that the Commission has the power to disapply any of the Rules.**
5. The introduction of Class B Rules is intended to strengthen investor protection while at the same time providing a clear framework to enable prospective promoters to properly consider the Bailiwick of Guernsey as a jurisdiction in which to establish their funds. It is hoped that codification will lead in time to the introduction of “standard” documentation, thus reducing costs, and also enhancing the ability of promoters to market Class B schemes in other jurisdictions by demonstrating that such schemes are subject to permanent and continuing supervision by the Commission.

AN OVERVIEW OF THE RULES

6. This paragraph provides a brief description of the main objectives and salient features of the Class B Rules.

PART 1, INTRODUCTORY, contains definitions for the purpose of interpretation.

PART 2, APPLICATION OF RULES, CONSTITUTION OF A CLASS B SCHEME, AND INVESTMENT, BORROWING AND HEDGING POWERS, applies the Rules to all Class B schemes except to the extent otherwise agreed by the Commission (see Part 11); prescribes what the principal documents of a Class B scheme should provide for, deals with the advertising and marketing of Class B schemes; covers permitted payments of expenses out of scheme property; limits the investment, borrowing and hedging powers of a Class B scheme to those permitted under its principal documents or scheme particulars and disclosed in its scheme particulars.

PART 3, TITLE TO UNITS AND DEALINGS THEREIN, contains technical requirements as to the registration, certification and transfer of units which are familiar to Guernsey registrars of schemes; and requires dealings in, pricing of, and settlement for units to be effected in compliance with the principal documents and scheme particulars, and contract notes to be issued to investors.

PART 4, THE MANAGER AND THE TRUSTEE, describes the duties of managers, trustees and directors of company schemes; the procedure for appointing and removing auditors; requirements regarding separation of designated managers and trustees and notice to the Commission of proposed changes to a scheme; and contains rules regarding the replacement and retirement of trustee and managers, and dealings as principals in scheme property by managers, trustees and associates.

PART 5 deals with the treatment of **DISTRIBUTIONS OF INCOME**.

PART 6, REPORTS TO HOLDERS, prescribes the contents of annual reports and accounts of Class B schemes and their dissemination.

PART 7 covers procedural arrangements regarding **MEETINGS OF HOLDERS**.

PART 8, TERMINATION OF THE SCHEME, prescribes events which require schemes to be terminated, and the manner of winding-up unit trust and company schemes.

PART 9 contains provisions for the **SERVICE OF NOTICES AND DOCUMENTS** to investors.

PART 10, SCHEME PARTICULARS AND PROSPECTUSES, sets out the requirements for preparing, revising and publishing scheme particulars, and refers to the liability of managers and directors to pay compensation for losses arising as a result of the publication of false or misleading prospectuses or scheme particulars.

PART 11, AUTHORISATION OF CLASS B SCHEMES, lists the documents which should be lodged with the Commission in support of an application for authorisation as a Class B scheme, and which should be accompanied by the appropriate application fee (currently £500); deals with Class B declarations; and enables the Commission to exclude or modify the application of the Rules.

PART 12 contains **TRANSITIONAL PROVISIONS** which apply to all schemes which were authorised Class B schemes at 1st October 1990.

PART 13 sets out **CONSEQUENTIAL AMENDMENTS** to The Collective Investment Schemes Rules 1988.

The **SCHEDULE** sets out the format of scheme particulars of Class B schemes.

THE APPLICATION OF THE RULES

7. The Commission's policy is to regard the Rules as a basis for exercising judgement and discretion, taking into account all the facts pertaining to a particular application. The Commission intends to adopt a pragmatic approach to the Rules, subject to its overriding duty referred to in 1(a) and (b) above.

This policy recognises that Class B schemes range from the retail fund aimed at the "general public" via institutional funds to the strictly private fund established solely as a vehicle for investment by a single institution, and that their investment objectives and risk profiles are similarly wide-ranging.

8. As the Rules are designed to reflect best practice, it is not envisaged that the majority of promoters of Class B schemes will, in fact, perceive a need to seek the Commission's agreement to disapply any of the Rules. In the case of retail funds, very persuasive arguments will need to be made if the disapplication of any Rule is sought.

THE COMMISSION'S POLICY AND PRACTICE

9. Given the Commission's wish to be flexible and not to discourage innovation, it is only practicable to give a broad indication of current policy and practice

In summary, provided the promoter is acceptable:

- (i) investment objectives and restrictions must be designed to spread risks;
 - (ii) where funds are, in the Commission's view, subject to above average risk e.g. futures and options funds or properties funds, the Commission requires a prominent health warning, a substantial minimum investment, and restricts sales of units to business, professional and experienced investors;
 - (iii) expenses charged to the scheme must be fair and reasonable and accounted for to unitholders;
 - (iv) pricing of units must achieve a reasonable equity between buyers and sellers and the manager;
and
 - (v) all material facts should be clearly disclosed to intending and existing investors.
10. It should also be noted that the POI Law requires all persons undertaking "controlled investment business" in or from within the Bailiwick of Guernsey (e.g. the management of Class B schemes) to be licensed, and that in considering applications for licences the Commission is required to consider, inter alia, the general nature and specific attributes of that controlled investment business, and the economic benefit to the Bailiwick likely to derive from that business.
11. In conclusion, the Commission is always prepared to meet managers, potential promoters or their professional advisers in order to discuss matters of policy and practice regarding collective investment schemes, whether authorised or proposed.
